6:30-7:30 P.M. – DINNER FOLLOWED BY MEETING

7:30 P.M. – PROGRAM: Erie County's Geographical Information Systems

A Geographical Information System (or GIS) is any system that captures, stores, analyzes, manages, and presents data that is linked to a location. For Erie County, this data is the responsibility of the Erie County Auditor's Office. Tom Paul, EC Auditor and Mark Wroblewski, EC GIS Coordinator, will explain the details of everything their department deals with: from real estate to 911 services. They are also responsible for the Erie County website and all the information available on it: Aerial photographs, sketches, real estate transfers, land splits, and more. They'll explain how you can use this information for your business. We hope you can join us!
